This gorgeous South-West facing architecturally designed mountain modern home has one of the best pools in town and a swanky "cantina", which features an outdoor kitchen including BBQ, commercial beverage fridge, stainless sink, custom dining bar table, comfy sitting area around a gas fire bowl & overhead infrared patio heating for those chilly evenings. This Spring Creek estate is a mountain refuge, an ideal place to escape from the world or throw a fabulous party! This stunning residence was designed and custom-built with a very keen eye and the Whistler lifestyle top of mind. The private, 4-story masterpiece holds court, facing its outdoor sanctuary—a 66' infinity pool that is heated by a sustainable solar system and gas boiler, with fountain jets, night lighting, and adjoining bubbling water fountain pool which doubles as the perfect "toddler pool". The master suite, lovingly called "The Bird's Nest," is perched high above the meandering Alpha Creek that runs along the edge of the 22,172 sq/ft lot. Each night, you'll be lulled to sleep by the sound of Whistler Mountain's snow melt making its way to Alpha Lake. Within the interior & exterior of the home, there is an array of well-appointed, flexible spaces for owners and guests to retreat, including a yoga room where there is a convenient murphy bed for occasional guests, game/billiard/media room, naturally balanced temperature and humidity controlled 1,000 bottle wine cellar with modern triple-depth steel racking, & a steam sauna with spa shower. Chefs will be delighted by the beautiful entertainment sized kitchen that offers a bar area with a second sink, a generous walk-in pantry with prep counter space, a double door fridge/freezer, and a utility sink. Enjoy eating al fresco on the main cuddle couple patio beside the fire—which doubles as a s'mores roasting station in the winter—or, make your way down the path to the poolside dining space, to enjoy dinner, followed by a late night dip in the heated pool. After a long day on the slopes, pick your spa treatment: a steam, a sauna, or a soak in the hot tub? Privacy, natural surroundings & staggering views are paramount and envelop the house on all sides as a result of being fully surrounded by natural forest with those deep forest aromas, and the burbling mountain stream. This exquisite, one-of-a-kind property allows you to live the Whistler outdoor life year round from your very own unique private oasis!
