2000 Villafane Dr, Pensacola, FL, 32503

Offered at \$7,750,000

This is it: your opportunity to come home to one Pensacola's premiere address. Tucked away at the end of a quiet street, this 10,000 square foot executive residence, situated on over five acres of prime waterfront shoreline, is our city's last word in peace, privacy and waterside beauty. Passing through the gate, the front drive belies the size of the property. Be charmed and awed as the verdurous grounds open up around you with serene landscaping and mature trees under the dome of an azure blue sky. The driveway winds past the home before finding its terminus in the multiple garages on the north side of the property, with ample parking for eight cars or recreational vehicles. Stepping inside the front door, the home itself welcomes you in with stately grace. Throughout the home, high ceilings, hardwood floors and crown molding frame every room with timeless elegance. The floorplan protects your privacy with an oak-paneled home office and sitting room close to the foyer. Further into the home, find the family living, room, game room and media room. Home chefs will take refuge in the enormous kitchen, where elegant form wraps around daily function. Marble counter tops and stunning cabinetry surround an active workspace featuring a Thermador gas range and double oven, Sub-Zero refrigerator, pantry and pass-through butler's pantry. The primary suite occupies its own wing on the south side of the home. The fireplace and sitting area in the bedroom invites you to be still and at peace. Through the vestibule, two walk-in closets and a bathroom, where elegant marble vanities surround a central glass shower, ensure that every stage of your day is padded with quiet comfort. Four more bedrooms, each large, with ensuite bath, complete the living spaces inside the residence. This home follows the hillside down with an enormous finished "basement." Built by the current owner and lovingly inhabited since its construction. This quiet slice of paradise can be yours.
