Deer, turkey, dove, duck and hogs abound on this land making it the perfect property to hunt, work and building your forever dream home. On property you will find several fenced and gated areas, perfect for cows or horses. There are fields that are currently being used for growing/cutting hay but would be perfect for any kind of crop. Of the 395 acres approximately 70% is flood zone X (high and dry) with 30% being low-lying areas and cypress ponds for your animals. There is irrigation throughout the property with several wells, barns for storing hay or equipment, and some small historic homes that are not currently livable in the current state (no value). Also on property is a 1961, 2268 sq ft brick home with pool. This property is just 5 miles from downtown Perry, Florida, 20 miles to Keaton Beach and 45 miles to Tallahassee.
